Economics Letters 51 (1996) 371–372

economics letters

Author index of volume 51

Akhand, H.A., Effective federal individual income tax functions: A specification search 19
Ayal, E.B. and G. Karras, Bureaucracy, investment, and growth 233

Balcombe, K., The Carlson–Parkin method applied to NZ price expectations using QSBO survey data 51
Banerjee, A. and P.K. Pattanaik, A note on a property of maximal sets and choice in the absence of universal comparability 191
Bekker, P., *see* T. Wansbeek 145
Bell, D., J. Kay and J. Malley, A non-parametric approach to non-linear causality testing 7
Bewley, R., *see* M. Yang 45
Blanchard, P. and L. Mátyás, Robustness of tests for error components models to non-normality 161
Bratsberg, B. and J. Turunen, Wage curve evidence from panel data 345
Burgess, S., *see* J. Lane 109

Carey, K., The relationship between inventory investment and total factor productivity growth: Cost shocks or demand shocks? 219
Cecen, A.A. and C. Erkal, Distinguishing between stochastic and deterministic behavior in foreign exchange rate returns: Further evidence 323
Chen, L., A bond pricing formula under a non-trivial, three-factor model of interest rates 95
Clarete, R. and J. Whalley, Border tax adjustments and rationed foreign exchange 331
Corchon, L.C. and A. Mas-Colell, On the stability of best reply and gradient systems with applications to imperfectly competitive models 59

Deb, P. and M. Sefton, The distribution of a Lagrange multiplier test of normality 123

Emran, M.S. and F. Shilpi, Foreign exchange rationing and the aggregate import demand function 315
Engsted, T., The monetary model of the exchange rate under hyperinflation: New encouraging evidence 37
Epstein, G.S., The extraction of natural resources from two sites under uncertainty 309
Erkal, C., *see* A.A. Cecen 323
Ewing, B.T., Wages and performance-based pay: Evidence from the NLSY 241

Fishburn, P., *see* H. Konishi 197

Gardes, F., S. Langlois and D. Richaudeau, Cross-section versus time-series income elasticities of Canadian consumption 169
Goetz, S.J. and D. Hu, Economic growth and human capital accumulation: Simultaneity and expanded convergence tests 355

Halbrendt, C., *see* Q. Wang 139
Hanchate, A.D., Semiparametric estimation of yield loss due to mistiming of crop operations 253
Hassink, W.H.J., An empirical note on job turnover and internal mobility of workers 339
Heckelman, J. and R. Whaples, Political business cycles before the Great Depression 247
Horaguchi, H., The role of information processing cost as the foundation of bounded rationality in game theory 287
Hu, D., *see* S.J. Goetz 355
Humphrey, S.J., Do anchoring effects underlie event-splitting effects?: An experimental test 303

Elsevier Science S.A.

Johnson, S.R., *see* Q. Wang 139

Kahn, M.E., New estimates of the benefits of vehicle emissions regulation 363
Karras, G., *see* E.B. Ayal 233
Kay, J., *see* D. Bell 7
Kemp, G.C.R., Scale equivariance and the Box–Cox transformation 1
Kettunen, J., Duration-dependent features of unemployment insurance 115
Koenig, E.F., Targeting nominal income: A closer look 89
Kongsted, H.C., Entry and exit decisions under uncertainty: The limiting deterministic case 77
Konishi, H. and P. Fishburn, Quasi-linear utility in a discrete choice model 197

Lane, J., D. Stevens and S. Burgess, Worker and job flows 109
Langlois, S., *see* F. Gardes 169
Lee, J., On the power of stationarity tests using optimal bandwidth estimates 131
Li, Q., On the Root-*N*-consistent semiparametric estimation of partially linear models 277
Luukkonen, R. and P. Saikkonen, Power of the Lagrange multiplier test for testing an autoregressive unit root 27

Malley, J., *see* D. Bell 7
Marquis, M.H., Note on cyclical employment in the consumption goods sector 213
Mas-Colell, A., *see* L.C. Corchon 59
Mátyás, L., *see* P. Blanchard 161
McDonald, J.B. and Y.J. Xu, A comparison of semi-parametric and partially adaptive estimators of the censored regression model with possibly skewed and leptokurtic error distributions 153
McKiernan, B., Consumption and the credit market 83
Miyake, M., On Vickrey-type auction procedures 71
Moorthy, V., Predictable and profitable price patterns: Evidence from US interest rates 101
Murphy, A., A piecewise-constant hazard-rate model for the duration of unemployment in single-interview samples of the stock of unemployed 177

Pattanaik, P.K., *see* A. Banerjee 191
Pesaran, M.H. and F.J. Ruge-Murcia, Limited-dependent rational expectations models with stochastic thresholds 267
Powell, J.L., Rescaled methods-of-moments estimation for the Box–Cox regression model 259

Richaudeau, D., *see* F. Gardes 169
Ruge-Murcia, F.J., *see* M.H. Pesaran 267
Russell, T., Gorman demand systems and lie transformation groups: A reply 201

Saikkonen, P., *see* R. Luukkonen 27
Sefton, M., *see* P. Deb 123
Serletis, A., International evidence on the cyclical behavior of inflation 205
Shilpi, F., *see* M.S. Emran 315
Shin, S. and S.-C. Suh, A mechanism implementing the stable rule in marriage problems 185
Snell, A., A test of purchasing power parity based on the largest principal component of real exchange rates of the main OECD economies 225
Sproule, R. and M. Vigneault, The duality between production and cost functions: A new finding 67
Stevens, D., *see* J. Lane 109
Suh, S.-C., *see* S. Shin 185

Trockel, W., A Walrasian approach to bargaining games 295
Turunen, J., *see* B. Bratsberg 345

Vigneault, M., *see* R. Sproule 67

Wang, Q., C. Halbrendt and S.R. Johnson, A non-nested test of the AIDS vs. the translog demand system 139
Wansbeek, T. and P. Bekker, On IV, GMM and ML in a dynamic panel data model 145
Whalley, J., *see* R. Clarete 331
Whaples, R., *see* J. Heckelman 247

Xu, Y.J., *see* J.B. McDonald 153
